## The Leaves on the Trees

Learn the different parts of a tree by singing this song to the tune of *The Wheels on the Bus*. Encourage your little one to think of movements to go along with each verse. Get creative and think up different verses for other seasons!

The roots on the trees go  
slurp, slurp, slurp  
slurp, slurp, slurp  
slurp, slurp, slurp.

The roots on the trees go  
slurp, slurp, slurp  
all through the forest.

The trunks of the trees grow  
strong and straight  
strong and straight  
strong and straight.

The trunks of the trees grow  
strong and straight  
all through the forest.

The bark on the trunks  
protects the trees  
protects the trees  
protects the trees.

The bark on the trunks  
protects the trees  
all through the forest.

The branches on the trees  
reach for the sky  
reach for the sky  
reach for the sky.

The branches on the trees  
reach for the sky  
all through the forest.

The leaves on the trees make  
food, food, food  
food, food, food  
food, food, food.

The leaves on the trees make  
food, food, food  
all through the forest.

The wind blows the trees  
back and forth  
back and forth  
back and forth.

The wind blows the trees  
back and forth  
all through the forest.
